DARK-FIELD EXAMINATION FOR TR. PALLIDUM

CONFIDENTIAL FOR PHYSICIAN ONLY

FOR COMMENT ON RESULTS *SEE* OVER.

N.B.—New cases of Syphilis or Gonorrhœa must be reported to the Director, Division of Venereal Disease Control, 2700 Laurel Street, on Form 1, in accordance with section 3 of the "Venereal Diseases Suppression Act."

Document disclosed by the ATIP Branch of Library and Archives Canada / Document divulgué par la direction générale de l'AIPRP de Bibliothèque et Archives Canada

COMMENT ON RESULTS.

LABORATORY PROCEDURE.—The Provincial Laboratories in Vancouver now carry out a presumptive Kahn test (which is somewhat more sensitive than the standard Kahn test) on all blood specimens sent in for serological examination for syphilis. Specimens giving a negative result with this test are reported "Kahn Test Negative" and no further examination is performed thereon. In conformity with currently accepted practice, specimens giving a "doubtful" or positive result are submitted to a standard Kahn (precipitation) test, and also to a standard Kolmer-Wasserman (complement-fixation) test; and the results of these two tests are then reported.

INTERPRETATION OF REPORTS.—The diagnosis of syphilis should not be based on a single positive laboratory report. Neither should this diagnosis be excluded, nor a "cure" determined, on the basis of a single negative laboratory report. Such decisions should be reached only after all the available clinical and epidemiological evidence has been considered in conjunction with the laboratory findings.

When the serological results do not accord with the clinical or epidemiological evidence, or when these results are themselves discrepant, additional blood specimens should be submitted. Discrepancies in the results given by different laboratory tests should not be regarded as due to technical or clerical errors, but rather as the inevitable outcome of differences in specificity and sensitivity of the tests performed. These differences are more apt to be manifested in testing the sera of patients who have recently acquired syphilis, or have received considerable specific treatment.

Physicians are requested to direct further inquiries regarding the interpretation of laboratory reports on specimens covered by this form to the Director, Division of Venereal Disease Control, 2700 Laurel Street, Vancouver, B.C.

NOTE.—The information in the first three columns and in that headed "How disposed of," is to be inserted on board every ship, etc., in which a man serves, whether he may have been on the sick list or not. When a patient is received into hospital the name of the hospital is to be entered in the column of "Ship's Name" and all the entries in reference to his disease, discharge, etc., are to be inserted in *red ink*. The same course is to be adopted in the case of *invalids or men taking passage* on board ship, should they be placed on the sick list. When a person is invalided from hospital the word *invalided* is to be in large writing, to indicate that he is unfit for further service, and that the sheet is finally closed. When a man is sick on leave, the nature and period of the illness should be entered in this sheet, with a note to show that the man was on leave.

NOTE.—The information in the first three columns and in that headed "How disposed of," is to be inserted on board every ship, etc., in which a man serves, whether he may have been on the sick list or not. When a patient is received into hospital the name of the hospital is to be entered in the column of "Ship's Name" and all the entries in reference to his disease, discharge, etc., are to be inserted in *red ink*. The same course is to be adopted in the case of *invalids or men taking passage* on board ship, should they be placed on the sick list. When a person is invalided from a hospital the word *invalided* is to be in large writing, to indicate that he is unfit for further service, and that the sheet is finally closed. When a man is sick on leave, the nature and period of the illness should be entered in this sheet, with a note to show that the man was on leave.

NOTES

1. **Destruction of Conduct Sheet.**—Attention is directed to Art. 603, cl. 3, K.R., which provides for the destruction, after the next assessment of character, of a Conduct Sheet shewing the record of offences in a previous ship. But the Conduct Sheet of a man joining a shore or harbour establishment may (and for Leading Seamen, Leading Signalmen, Able Seamen and Signalmen *must*) be kept in use and accompany him to his next sea-going ship.
2. **Date of Commencement of "very good" Conduct.**—When the date of commencement of "very good" conduct differs from that which would normally appear from the Service Certificate, the date is to be inserted in red.
3. **Class for Conduct.**—The date of proposed restoration may be any date not less than 3 months and not more than 6 calendar months from date of reduction. See Art. 567, K.R.
4. **Good Conduct Medal and Gratuity.**—Recommendations are to be made according to the instructions in Arts. 534, cl. 3, and 606, cl. 4, K.R. If the recommendation is intentionally withheld, a statement to that effect should be inserted. (See Art. 534, cl. 15.)
5. **Whether Recommended for Advancement.**—To be completed in respect of all Art. 413 ratings by inserting "Yes," "Not Yet" or "No" (but see notes (1), (2) and (3) below:
   (1) "Yes"—Recommended for advancement. To be followed by (N.Q.) if not fully qualified; this, if awarded in a sea-going ship, will count as a sea-going recommendation for men who require this qualification, although such men are not qualified for recommendation on Form S. 507.
   (2) "Not Yet"—To be used for ratings not yet recommended for advancement owing to their inexperience. To be followed by (N.Q.) if not fully qualified.
   (3) "No"—Not recommended, whether qualified or not.
   For Leading Seamen, Leading Signalmen, Able Seamen and Signalmen insert also "S.G.R." or "H.R." according as the ship is or is not a "sea-going" ship (Appendix XVII, Part 1, para. 10) in relation to the individual rating concerned.
6. **Whether Recommended for Confirmation.**—Notations, in red ink, are to be made across both the "Recommendation for Advancement" columns, after completion of a minimum period of three months' acting time, as to whether or not a rating is recommended for confirmation in the ordinary course. The abbreviations to be used are "R.C.O.C." or "N.R.C.O.C.".
7. **Accelerated Advancement.**—Recommendations are not to be made in this column unless the rating was likely to have been recommended for accelerated advancement on the next return S. 507 had he remained in the ship. This column is intended merely to assist the Captain of the ship to which the rating is discharged in rendering S. 507 at the end of the half-year, by bringing to his notice ratings of more than ordinary merit, who should be specially considered when making the special recommendations on S. 507 for the accelerated advancement of a limited proportion of the ship's company. When recommending Leading Seamen, Leading Signalmen, Able Seamen and Signalmen add "S.G.R." or "H.R." as directed for previous column.
8. **Offences and Punishments.**—To be recorded on page 2.
9. **Training Service.**—This column is always to be completed for E.R.As, E.As, O.As, C.P.Os, P.Os and Leading Ratings of the Seamen, Signal W/T and Stoker branches, irrespective of whether or not the rating is a volunteer for the Training Service. If recommended, the word "Yes" should be inserted; if not recommended, the word "No".

Dear Sir;

In regard to a letter I wrote you last week concerning my cheque not having arrived, I wish to inform you that I recieved same yesterday - addressed to 534 Gottingen St. instead of 584 Gottingen St. Halifax. I do not know whether or not it was my mistake & sincerely apologize if it was so. Thanking you for your trouble & hoping it will be rectified in your records by the end of this month.

Yours truly.
